NEWS RELEASE – FOR IMMEDIATE RELEASE

Gray Manufacturing Company, Inc., a family owned and operated business located in St. Joseph, Missouri, manufactures and sells portable lifting equipment for use by professional mechanics in servicing and repair of trucks, busses and other heavy equipment.

In 2003, Gray introduced a revolutionary wireless mobile column lift, the WPLS-160. For over eight years, Gray has sold the WPLS worldwide. In 2009 Gray updated the WPLS-160 to include three different models to meet customers' lifting needs.

In continuing the commitment to customer satisfaction Gray is excited to announce all three models (WPLS-160F, WPLS-180C and WPLS-180W) of the WPLS series of lifts have met all requirements for certification under the current National Standard, ANSI/ALI ALCTV-2006, and the ALI Automotive Lift Certification Program.

Please go to GRAYUSA.COM to view the entire Gray product offering.
